1. Regional English Language Office (RELO), U.S. Embassy in Hanoi

<https://vn.usembassy.gov/vi/education-culture-vi/relo-vi/>

The Regional English Language Office (RELO) opened in the U.S. Embassy in Hanoi in 2015. Part of the Public Affairs Section, it cooperates with the Ministries of Education, teachers’ associations, universities, schools and English language teaching (ELT) professionals on a variety of educational and cultural exchange programs and projects in order to enhance mutual understanding between the peoples of the region and the United States. The RELO in Hanoi helps to manage English Language Programs in Vietnam, Cambodia and Lao PDR.

2. Vietnamese Association for English Language Teaching and Research (VietTESOL)

<http://viettesolassociation.org/>

The Vietnamese Association for English Language Teaching and Research, (VietTesol Association for short), is a non-profit socio-professional organization

aimed to create a trusted platform for those who are interested in, and committed to, English Language Teaching and Research. As a socio-professional organization, VietTesol is committed to enhancing the quality of English language education in Vietnam through professional development, dissemination of teaching expertise and research and information to support and transform practice, policy in ELT, and community service.

3. **“Language and Life” magazine – Linguistic Society of Vietnam**

<http://hoingonnguhocvietnam.com/>

Established in 1990, Linguistic Society of Vietnam now has more than 400 members from institutions nationwide. The association organizes seminars and conferences on Linguistics on a regular basis. Language and Life is a monthly magazine published by the Linguistic Society of Vietnam. The magazine aims at disseminating the basic knowledge of linguistics and languages, improving linguistic level of readers interested in and wish to learn more about Vietnamese language. It also partly helps make Vietnamese a uniform, standardised and perfect language.

4. **Vietnam Education Publishing House**

<http://www.nxbgd.vn/>

Vietnam Education Publishing House has been the Vietnam’s leading education publisher since its establishment in 1957. They are specialized in publishing, printing and distributing textbooks, all kinds of educational reference books, and electronic books for teaching, training and studying nationwide

5. **ELSA Limited Company**

<https://elsaspeak.com/vi/>

ELSA Corp. is a rising star startup founded in San Francisco with engineering office in Lisbon. Our vision is to enable everyone to speak foreign languages with full confidence, which helps to reach a better life and career opportunities. Together with a very talented team of speech recognition scientists and linguistic experts, we created ELSA (English Language Speech Assistant), the world's smartest A.I. Assistant for pronunciation training and accent reduction. Our vision is to enable

the 1.5 billion language learners around the globe to speak foreign languages with full confidence and unlock their opportunities in life. Our flagship product, ELSA Speak, is a personal virtual pronunciation coach. ELSA can listen to you speak English, pick out the exact errors as you speak at an individual sound level or intonation, rhythm, and pitch. ELSA will then give you instant feedback and recommendation on how to fix those errors. All the feedback is fully automated using our proprietary speech recognition technology based on deep-learning algorithm.

6. **New Wing Interconnect Technology Limited Company**

New Wing Interconnect Technology Limited Company, opened in 2015, is specialized in electronics contract manufacturing. The company is located in Vân Trung industrial zone, Vân Trung commune, Việt Yên district, Bắc Giang province. The company is a member of Hon Hai Technology Group (Foxconn), a Taiwanese multinational electronics contract manufacturer. Today, it is the world's largest provider of electronics manufacturing services and the third-largest information technology company by revenue.
