

INFORMATION ON DOCTORAL THESIS

1. Full name of graduate student:

2. Sex: Female

3. Date of birth: February 18, 1970

4. Place of birth: Hanoi

5. Decision to recognize PhD students: No. 396/DHSPHN2-SDH dated June 16, 2017 of Hanoi University of Education 2, formal training form, period from June 16, 2017 to June 16 /6/2021.

6. Changes in academic process: Extension document No. 846/QD-DHSPHN dated June 21, 2021 of PHN University.

7. Official thesis title: "Management of inclusive education for children with disabilities at preschools in Hanoi city".

8. Major: Educational management

9. Code: 9.14.01.14

10. Supervisors:

Assoc. Prof. PhD. Pho Duc Hoa

11. Summary of the new findings of the thesis

- Creating a scientific foundation for teaching disabled children to integrate and overseeing their integration education

- Assess the community's managers, educators, staff, parents, and other educational forces' awareness of the management and education of children with disabilities in an inclusive setting. - Assess the state of education and integrated education management for children with disabilities in Hanoi city preschools.

- The project has suggested urgent, doable, and extremely practical management actions based on the theoretical framework and practical assessment. This has been demonstrated by studies that examine the urgency, feasibility, and reporting. Report of a scientific experiment.

12. Paractical applicability, if any: Reports examining the necessity, viability, and results of scientific experiments demonstrate high feasibility and practicality.

13. Further research directions, if any: The study findings provide insightful scientific references for future national research on educational administration as well as studies on inclusive preschool education for kids with impairments. fulfill the demands of society.
